The Holiday Season is Here!

Let it Snow, Let it Snow, Let it Snow!

With the weather changing almost daily it is that time of year for fall clean up and winterizing. Here are just a few hints to help keep your winter costs down and the neighborhood clean and safe.

- Check your windows/doors for drafts, caulk or weatherstrip as needed
- Check your snowblower to be sure it's working properly
- Rake and mulch the leaves – the grass will thank you for it!
- Keep the sidewalks clear of leaves and snow - this is the

responsibility of the homeowner

- Cut back your perennials and mulch over their roots for good winter warmth
- Check your outdoor lights to be sure they are working – it's getting dark early these days!
- Keep live Christmas trees well watered and be sure all lights are in working order
- Be cautious in using space heaters – make sure they are working properly
- Check your chimney for bird/squirrel nests; have it 'swept' by a professional chimney sweep
- Check your roof for any missing shingles

2nd Annual Holiday Decorating Contest

It is our intention to include all winter holidays in this contest – we are a diverse neighborhood and do not wish to single out any single holiday. Although decorating is not common for all holidays – please feel free to decorate as much or as little as you'd like.... We'd love to see and share everyone's holidays!

Oh, the Weather outside is Frightful....

As winter approaches, bad weather and snowy days will make traveling our streets treacherous at times.

Watch carefully for children and youth as they are getting on and off the buses. Slow down and drive cautiously – remember our speed limit is 25 mph

Snow removal on the streets in the neighborhood is the responsibility of the city of Carmel. The city will plow Penneagle and Ivy Hill as high priority streets. The remainder of the streets will be plowed when 3 or more inches of snowfall occur.
